**NOTES:**

1. Quintiles: Income groups made on the basis of per capita household consumption.
2. The 1<sup>st</sup> Quintile contains individuals with the lowest consumption level, whereas the 5<sup>th</sup> quintile contains individuals with the highest consumption level.
3. Children who reported having received full immunisation who also have an immunisation card, expressed as a percentage of all children aged 12-23 months.
4. Immunizations: To be classed as fully immunized a child must have received: 'BCG', 'DPT1', 'DPT2', 'DPT3', 'Polio1', 'Polio2', 'Polio3' and 'Measles'.
